

Kaylin began dancing when she was three years old, and has trained in several styles including ballet, contemporary, modern, and jazz. She has completed her ISTD (Imperial Society of Teachers of Dancing) Advanced 1 Ballet and Intermediate Modern exams with Distinction and is currently working towards her ISTD Advanced 2 Ballet exam and Associate Certification in ballet. Kaylin's love for performing dance grew as she participated in a youth company for nine years where she learned from several accomplished choreographers and performed in a variety of pieces. Through the youth company, Kaylin also had many performing opportunities, some of which included participating in Project Dance New York and Project Dance Calgary. Kaylin's love and passion for dance has led her to pursue dance professionally and explore further choreographic opportunities, some of which include participating in CBII (Corps Bara Dance Theatre Training Company), the Alberta Ballet Professional Division Summer Intensive, Yin Yue FoCo Contemporary Workshop Classes, and A Taste of NDT Summer Intensive.

Kaylin was also a part of a student teacher program where she discovered an interest for teaching dance and working with children. She had the opportunity to learn from many qualified teachers and gain knowledge and experience over the course of four years. Kaylin's passion for teaching is connected with sharing her love for the creative, passionate and expressive art form of dance with her students and watching as they embark on their own journey. Kaylin is eager to continue progressing in her knowledge and experience as a teacher and is grateful for the opportunity to be a part of Elite Dance Academy.
