

Nia grew up dancing at Elite Dance Academy and has never left. She started off in Ballet but as her love for dance grew she branched out into all other styles including Jazz, Lyrical, Modern, Hip Hop and Tap. She competed with Elite for years and spent two years in the Young Canadians of the Calgary Stampede where she danced and sang.

Over the course of her childhood, she spent time in all areas of the performing arts by also participating in acting lessons, performing in plays with Storybook Theatre, and studying piano since the age of five.

Currently, Nia is attending school part-time hoping to one day pursue a career in an animal related field such as veterinary medicine. She also continues to pursue her love of dance by performing with the Calgary Roughnecks Drill Crew.
